

Mountain Goat Specific Information

Licenses and General Information

- An applicant who receives a mountain goat license is not eligible to apply for or receive another license for mountain goat for the following 7 years (see reference chart).
- License holders may legally take one mountain goat subject to all specifications on the license issued.

Mountain Goat License Auction

- Legislation authorizes the F&W Commission to provide for the auction of one mountain goat license each year. This license authorizes the hunter to take an either-sex mountain goat in any district of his/her choice. This license is not a part of the seasons proposed, and if this license holder is successful, the mountain goat will not be counted against the district quota. License holders may hunt only in areas open to mountain goat hunting.
- The auction is held annually during the winter by a conservation organization that is preselected by the F&W Commission.
- Hunting is authorized for the next hunting season, not the current year's hunting season.
- Money raised through the license auction is used for management of mountain goat.

Mountain Goat Mandatory Reporting Requirements

A hunter harvesting a mountain goat must present the complete head with horns attached or the top portion of the skull with horns attached to a department official within 10 days of the date of kill. See page 49 for FWP office phone numbers.

Mountain Goat HD Regulations

Residents are eligible to apply for any of the following licenses. Nonresidents are restricted to certain districts. Nonresidents are limited to, but not guaranteed 10 percent of a region's quota. **Districts where nonresidents may apply are listed on the moose, bighorn sheep and mountain goat nonresident application, but may change when final quotas are set in July.**
